Dear skiers & riders,

This is the 8th time for Cable Krk to organize a camp and competition for disabled. Once more with this event we aim to present to Croatian public waterskiing and wakeboarding at the cable as a perfect summer recreation for disabled.

The entire facility is wheelchair accessible as also a plenty apartments and hotels in the area. If you're flying to Krk, apart from providing transportation from the airport, we'll also be at your service during the entire week for shuttles from cable to hotels and apartments.

The concept of camp is to gather both absolute beginners and advanced riders to train together one week with experienced instructors. Every evening we'll have video analysis sessions where all participants will see what they did right and wrong and how to improve. In conclusion, on Saturday everyone will have a chance to compete at Krk Handi Tricks event.

So far we always had a great time. Join us and find out why!
