## Baška Wedding Feast

“BAŠKA WEDDING FEAST” is the representation of a folklore expression of a popular wedding custom that was renewed in Baška in 2010, following 38 years of oblivion. In a two-day program, “BAŠKA WEDDING FEAST” includes all the traditional customs: courting, wooing, wedding preparations, the parents' blessing, the act of marriage and merrymaking.

This year's “Baška Wedding Feast” is dedicated to dr. Vinko Dorčić /Bubulić/, a noted writer and scientist (1900 in Baška -1992 in Zagreb) who wrote a great number of articles - stories from Baška's history and poems that are gladly sung and learned even today.
